7. GOODS AND SERVICE WARRANTY

- 7.1 The Goods and Services are covered by a Warranty. The Period of the Warranty is shown on the Installation Certificates and the Warranty will commence on the date of completion of the Services.

- 7.4 The Installer shall be required to rectify free of charge any failure of the Services, and subsequent damage caused as a result of the failure, during the warranty period.
- 7.5 Because of the nature of the Goods and Services it is often the case that additional materials (tiles etc.) have been fixed over the top of the Goods. The Customer acknowledges that in most cases it will be necessary for the Installer to remove some or all of such covering materials in order to determine the specific cause of the failure of the Goods or Services.
- 7.6 The Customer also acknowledges that upon removal of the covering materials it may be determined that the cause of the Goods and Services failing to perform their intended purpose may be as a result of some damage to the integrity of the Goods and Services caused subsequent to the installation of the Goods and Services by a third party.
- 7.7 In the event that the Seller or Installer, while determining the cause of the failure of the Goods or Services, determines that the cause of the failure was due to something or someone other than any problem with the quality and effectiveness of the Goods or the proper provision of the Services, neither the Seller or Installer will be liable for any repairs under the guarantee.
- 7.8 In the circumstances described in 7.7 the Customer will pay the Seller and/or the Installer the cost of providing such services as were required to determine the actual cause of the failure, and the Seller and/or Installer will not be responsible for the replacement of any covering materials.

7.9 In the event that it is determined that the circumstances described in Clause 7.7 apply, the Seller and/or Installer will provide the Customer with a estimate of the cost of repair of the Goods and Services, and in the event that the Customer requests the Seller or Installer to undertake the repairs, then the Customer accepts full responsibility for the payment to the Seller for the cost of such repairs.

9. WAIVER

9.1 No waiver by the Seller or Installer (whether express or implied) in enforcing any of its rights under this contract shall prejudice its rights to do so in the future.

10. FORCE MAJEURE

10.1 The Seller and/or Installer shall not be liable for any delay or failure to perform any of their obligations if the delay or failure results from events or circumstances outside its reasonable control, including but not limited to acts of God, national or local emergency, acts of government, acts of war or civil disorder, military operation, industrial disputes, weather damage, subsidence or earthquake, or other events which are beyond the reasonable control of the Seller and/or Installer and the Seller and/or Installer shall be entitled to a reasonable extension of its obligations.

11. SEVERANCE

- 11.1 If any term or provision of these Terms and Conditions is held invalid, illegal or unenforceable for any reason by any court of competent jurisdiction such provision shall be severed and the remainder of the provisions hereof shall continue in full force and effect as if these Terms and Conditions had been agreed with the invalid illegal or unenforceable provision eliminated.

12. CHANGES TO TERMS AND CONDITIONS

- 12.1 The Seller and/or Installer shall be entitled to alter these Terms and Conditions at any time, but this right shall not affect the existing Terms and Conditions accepted by the Customer upon making a purchase.

13. GOVERNING LAW AND JURISDICTION

- 13.1 These Terms and Conditions shall be governed by and construed in accordance with the law of the State/Country in which the installation of the Goods and Services takes place.
